

A PEERLESS LEGACY OF

# 180+

YEARS EXTENDED TO  
**BENNETT UNIVERSITY**

◆ ■ **PREPARING INDIA TO MOVE WITH THE TIMES**

# About Us

Bennett University was established in 2016 under the aegis of the Times Group. Backed by a legacy spanning more than 180+ years, Bennett University is committed to creating leaders for the 21<sup>st</sup> century who deliver professional excellence and are well-rounded individuals who can think critically about issues from multiple perspectives.

Extending the core journalistic principles of Trust, Knowledge and Public Service, Bennett Coleman and Co. Ltd. (BCCL) has continually undertaken initiatives for the betterment of Indian society.

Bennett University's curriculum strongly emphasizes foundational knowledge, thorough academic research based on rigorous pedagogy, and hands-on experience with real-world challenges. The synthesizing nature of the curriculum allows the student to learn by making connections between ideas and concepts across different disciplinary boundaries.

The interdisciplinary structure is designed to enable the integration of ideas & characteristics across disciplines which helps to develop critical & transferrable skills.

## 4 Unique Differentiations, 1 Unique Focus

At Bennett University, we focus on helping you realize your fullest potential. That's why we have created a finely meshed matrix to support, explore and enhance your abilities.

### INTELLECTUAL RIGOR

Our partnerships with Georgia Institute of Technology (USA), Babson College (USA), New York Film Academy (USA), University of British Columbia (Canada), University of Essex (UK), University of Birmingham (UK), University of Bordeaux (France), FPT University (Vietnam), Cisco, Microsoft (AI Business School), Amazon, Dell, Grant Thornton, Ayurvet Research Foundation (Dabur) truly makes for a learning, teaching and research environment. This brings together diverse academic viewpoints, best practices, international faculty, a constantly evolving curriculum, and opportunities to visit partner organisations & universities.

### ENTREPRENEURSHIP FOCUS

At Bennett University, entrepreneurship is central to our approach to everything. It is integrated into our curriculum. You can incubate your 'Big Idea' right on campus at The Bennett Hatchery. With the help of the Hatchery, more than 24 students have launched their start-ups and received external funding of over ₹ 100 crores.

**The collaboration with Babson provides a high-quality Entrepreneurship Education program for our students – Babson Build: The Entrepreneurship Program**

### LIFE SKILLS

In industry, career, and business, soft skills come to the fore and are significant factors in ensuring success. At Bennett University, our emphasis is to make our students 'life and career ready' with a strong emphasis on communication, teamwork, and critical thinking. This aspect is integrated in a structured manner throughout every program.

### INDUSTRY EXPOSURE

Theoretical knowledge must be paired with industry exposure to create job-ready professionals. Our students get varied and rich exposure through live projects, workshops, internships, field visits, conferences, competitions and engagement platforms – through the Times Group connect.

# Research

At Bennett University, we imbibe that a university stands for its quality research and focus on finding sustainable solutions to modern world problems. The research is nurtured through various academic programs run by schools and sponsored projects funded by the government agencies like DBT, DST, and Industry.

# Industry Academic Partnerships

Bennett University is committed to fostering collaborative partnerships with industry partners to provide students with practical training and research opportunities, bridging the gap between academia and industry.

These partnerships involve joint research and development efforts in emerging technologies such as AI, Big Data, and Cloud Computing, as well as providing students with training, internships, and certification programs through collaborative partnerships with industry partners such as IBM, Salesforce, Grant Thornton, Xebia, among others.

The University is also focused on integrating industry-specific knowledge into the curriculum, fostering immersive learning experiences and establishing an incubation center to support startups and existing companies. In addition, the campus adoption program aims to make students corporate-ready, while the NASSCOM, FutureSkills PRIME platform provides opportunities for continuous self-paced learning and skill development in emerging technologies.

**Bennett University also emphasises collaboration with other academic institutions in fields of commerce, business, economics, management and law.**
